PROFESSIONAL SUMMARY

Passionate Computer Science graduate with hands-on experience in Python, backend development, databases, and data processing. Seeking an opportunity to contribute to real-world projects, solve meaningful technical problems, and grow as a versatile software professional while continuously learning new technologies.

EXPERIENCE

Python Development Intern

Auro Tech Solutions (May 2024 - June 2024)

- Developed and optimized Python modules for real-time applications, focusing on modular code design and efficient execution.
- Built console-based & GUI-based applications, Banking System and Timer, demonstrating programming and problem-solving skills.

PROJECTS

Retail Sales Analytics Platform | 2026

Snowflake | SQL | Data Transformation | Streamlit | Python | Plotly

- Developed a Snowflake-based retail analytics platform with SQL transformations, data cleaning, deduplication, and 6 custom UDFs to prepare reliable sales data.
- Created 7 analytical views to evaluate sales trends, product categories, regional performance, customer segments, and shipping efficiency.
- Built an interactive Streamlit dashboard with dynamic filters, KPI metrics, and visualizations

Bike Service Booking Backend | 2025

Node.js | Express.js | MongoDB | JWT | Nodemailer

- Built a backend system for service booking and management with role-based access for customers and service providers.
- Developed REST APIs with JWT-based authentication and optimized MongoDB data handling.
- Integrated Nodemailer with Gmail SMTP for automated service status email notifications.

Agri Machinery INC | 2024

React.js | Node.js | Express.js | MongoDB

- Developed a web application for browsing and managing agricultural machinery with product listing and filtering features.
- Built backend APIs using Node.js and Express.js to handle product and user-related operations.
- Integrated MongoDB for storing and managing application data.

ACHIEVEMENTS

- Secured 3rd Place in **KEC Ideathon** 2K23 (Project Presentation).
- Secured 2nd Place in **KEC Proof of Concept** 2K23 (Project Presentation).
- Top 50 in the Smart India Hackathon (SIH) - **Internal Hackathon** 2024.

EDUCATION

Bachelor of Engineering (CSE) | Kongu Engineering College, Erode (2026)
CGPA: 7.54

Higher Secondary | Best Matric Higher Secondary School, Thanjavur (2022)
Percentage: 78.3%

Secondary Education | Best Matric Higher Secondary School, Thanjavur (2020)
Percentage: 73%

SKILLS

- **Programming Languages :** Python, SQL, JavaScript
- **Data Engineering & Analytics :** NumPy, Pandas, Matplotlib, Pyspark, ETL/ELT
- **Cloud & Data Warehouse :** Snowflake
- **Databases :** MySQL, MongoDB
- **Frameworks & Libraries :** Node.js, React.js Express.js
- **Developer Tools :** Git, GitHub, Postman
- **Web Development :** HTML, CSS
- **Other Skills :** Query Optimization
- **Soft Skills :** Collaboration, Leadership, Problem-Solving

AREA OF INTEREST

- Database Management
- Backend Development
- Data Engineering

MEMBERSHIP

- Executive Member - Cloud User Group
- Volunteer - National Service Scheme

CERTIFICATION

- MongoDB Associate Developer
- Python Certification (GUVI)
- Snowflake Platform Skills (University)
